HTML, CSS, JavaScript, Bootstrap, Tailwind, Vue, React, Vue, Flutter
- **Back-End**
PHP/Laravel
NodeJS/ExpressJS
Java, C# & Python
- **Database**
MySQL, SQL Server, PostgreSQL
- **Tools**
Git, GitHub, Docker, Postman
- **Team work**
- **Time Management**
- **Problem Solving**
- **Critical Thinking**

ABOUT

I'm a 4th year student, Computer Science student at the Royal University of Phnom Penh. Although I do not yet have formal work experience, I have developed several Frontend and Backend projects during my studies and real experience with team work when I interned at ETEC Center. I have experience building backend web applications using PHP/Laravel and Node.js/Express.js. Skilled in RESTful APIs, JWT Authentication, and database management MySQL, PostgreSQL and Docker. Motivated to grow as a professional Web Developer.

PROFESSIONAL SUMMARY

BACKEND PROJECT

- Experienced in backend development using PHP/Laravel and Node.js/Express.js.
- **Bakong KHQR Payment System** : using Front-End(Blade HTML, Bootstrap 5, JavaScript), Back-End(Laravel, MySQL, Eloquent Model), RESTful APIs and Payment(Bakong KHQR API).
- **Google OAuth Authentication System** : Built a full-stack authentication system using React, Node.js (Express), PostgreSQL, and Docker.
- **Student Management System** : Developed RESTful APIs using Express.js with authentication and PostgreSQL database integration.
- **Clothing Shop** : Developed RESTful APIs using Express.js with JWT authentication, authorization, CRUD operations, and PostgreSQL. Built the frontend using React and Tailwind CSS.
- **Pizza Shop** : Built a web application using Blade, Bootstrap 5, PHP, MySQL, user authentication, and RESTful APIs.
- Proficient in CRUD operations, middleware, and secure authentication & authorization.
- Completed both team-based and individual web development projects.

FRONTEND PROJECT

- Built responsive web applications using HTML, CSS, JavaScript, React, Tailwind CSS, and Bootstrap.
- Developed interactive and user-friendly interfaces with a focus on responsive design.
- Created projects including Electronic Shop, Movie Website, Coffee Shop, Student Management System, Product Management System, Library Management System, Clothing Shop, and Pizza Shop.

WORK AT DDD

2025 -PRESENT

- I worked at DDD as a *Data Entry Operator* during the morning shift from 6:00 AM to 2:00 PM, ensuring accurate and timely data entry while maintaining attention to detail and productivity throughout the day.
